# **BOATS AND WATER VESSELS**

## **WANTED**

---

*Join thousands of other Kiwis who are actively saying "no" to deep sea drilling in their waters.*

WHY: To protest against risky deep sea drilling planned for Aotearoa, most immediately the drilling planned off Otago's Coast in early 2014.

WHAT: We will be conducting a blockade of the commercial channel of our Harbour; between Goat and Quarantine Island. This nonviolent and legal protest is a symbol and a practice run to show Anadarko and Shell that we will not tolerate them in our waters.

WHERE: Meet at Back Beach Jetty, next to the Port Chalmers Yacht Club

WHEN: 12pm – 3pm, Sunday 12 January 2014

KEEN? Contact [oilfreeotago@gmail.com](mailto:oilfreeotago@gmail.com), or 0220109968, or 0220945355

No vessel? No problem! We have places for you on vessels and the island to be in the action, so save the date!

# **WANT MORE INFORMATION ABOUT DEEP SEA DRILLING IN NEW ZEALAND?**

---

Overall, it's part of a bigger issue of reckless Fossil Fuel expansion; learn more of how New Zealand fits into this problem at:

[getfree.org.nz](http://getfree.org.nz)

Deep Sea Drilling is very different to other types of oil extraction, the risks, operations, and finances are not the same as current oil extraction in our country, you can get details of these here at:

[oilspillmap.org.nz](http://oilspillmap.org.nz)

"But what about the jobs it will bring? Our economy could do with a boost to get ahead, couldn't it?" Get your facts straight at:

[www.greenpeace.org/new-zealand/en/campaigns/climate-change/The-Future-is-Here/](http://www.greenpeace.org/new-zealand/en/campaigns/climate-change/The-Future-is-Here/)
